

SYMPOSIUM2016

ROME
September 29th - October 1st

VENUE
NH Vittorio Veneto

PROGRAMME

Caro collega,

Roma inaugura il primo **9.baby Symposium**.

Nei tre giorni di congresso relatori italiani e stranieri affronteranno le tematiche più attuali inerenti alla Medicina della riproduzione, in particolare il rapporto tra malattie infettive e IVF, la relazione tra scienza, politica e morale, lo screening genetico preimpianto ed infine un'intera sessione dedicata alla preservazione della fertilità.

Il **9.baby Symposium 2016** è l'occasione di incontro e dialogo fra le diverse figure professionali coinvolte nel percorso riproduttivo di coppia come ginecologi, andrologi ed embriologi.

Confidando che possano essere giornate di arricchimento professionale, ti aspetto a Roma.

Andrea Borini

Dear Colleague,

*Rome is glad to host the first **9.baby Symposium**.*

During the three-day conference Italian and foreign speakers will discuss topical issues regarding reproductive medicine, including infectious diseases and IVF, the relations between science, politics and ethics, and preimplantation genetic screening. An entire session will be dedicated to the preservation of fertility.

*The **9.baby Symposium 2016** is an occasion for the different professionals - gynecologists, urologists and embryologists - that work with couples seeking to procreate to meet and share an opportunity for dialogue.*

I'm confident that these three days will be a time for all of us to build on our professional know-how. I look forward to seeing you in Rome.

Andrea Borini

Silvia	Ajossa	<i>Cagliari</i>

13.30	<i>Opening</i>	A. Borini
14.00 16.15	Session Infectious diseases and IVF	
	<i>Chairmen: A. Lanzone – G. Scaravelli</i>	
14.00	<i>HIV in 2016: difficulties and situation in Italy</i>	C. Mussini
14.30	<i>HIV and HCV: an update</i>	V. Savasi
14.50	<i>HPV in males and females: is there any difference for IVF outcome?</i>	A. Garolla
15.10	<i>Q & A</i>	
15.40	<i>Chairman: C. Bulletti</i> Keynote Lecture: <i>One hundred years of ART: 1969-2069</i>	J. Cohen
16.10	<i>Q & A</i>	
16.15	Coffee Break	
16.45	<i>Chairman: G. Macchiarelli</i> Keynote Lecture: <i>Artificial ovary: research and future implications</i>	M.M. Dolmans
17.15	<i>Q & A</i>	
17.20 19.50	Session Le regole della scienza <i>The rules of science</i>	Sessione in italiano
	<i>Chairmen: E. Cittadini – C. Foresta</i>	
17.20	Introduzione <i>Introduction</i>	A. Borini
17.40	Scienza, politica e morale <i>Science, politics, ethics</i>	P. Donatelli
18.05	Quali regole pubbliche per governare la ricerca scientifica? <i>Public rules for scientific research</i>	D. Neri
18.30	Il conflitto di paradigmi nella scienza e nell'etica della riproduzione <i>Conflicting paradigms in the science and ethics of reproduction</i>	M. Mori
18.55	Il Ruolo del CNB <i>Role of the National Bioethics Committee</i>	C. Flamigni
19.20	Discussione <i>Q & A</i>	
19.50	Chiusura lavori prima giornata <i>Closing</i>	

Friday | morning

09.00
10.50

Session

COH in PCOS women

Chairmen: **S. Ajossa – M. Guido**

09.00	<i>PCOS: syndrome characterization</i>	D. Romualdi
09.20	<i>COH for IVF in PCOS patients</i>	L.G. Nardo
09.40	<i>Myo-inositol and melatonin to improve oocyte quality</i>	A. Pacchiarotti
10.00	<i>In vitro maturation: is it still an option?</i>	G. Coticchio
10.20	<i>Q & A</i>	

10.50 Coffee Break

11.10
12.30

Session

Preimplantation Genetic Screening

Chairmen: **E. Porcu – F. Ubaldi**

11.10	<i>The geneticist's uncertainties</i>	A. Novelli
11.30	<i>The laboratory's certainties</i>	A. Capalbo
11.50	<i>Embryo variables</i>	C. Lagalla
12.10	<i>Q & A</i>	

12.30	<i>Chairman:</i> N. Tarozzi <i>Keynote Lecture:</i> <i>From meiotic to mitotic errors: the evolution of embryo development</i>	D. Wells
-------	---	-----------------

13.00 *Q & A*

13.05 Lunch

14.30
16.00

Session

I Pro e i Contro delle norme per l'accreditamento

Pros and Cons of official qualification

Sessione in italiano

Chairmen: A. Palagiano – G. Ruvolo

14.30

Requisiti europei: un peso economico o solo la fine delle "fivetterie"?

European requirements: an economic burden or only the end of "baby factories"?

F. Bariani

14.45

Requisiti minimi per il laboratorio di embriologia:
cosa é eccessivo e cosa indispensabile

*Minimum requirements for embryology laboratories:
the excessive and the indispensable*

L. Rienzi

15.05

Un sistema di controllo della qualità migliora i risultati?

Can a quality-control system improve results?

P.E. Levi Setti

15.20

Applicare la normativa, presto e bene e interpretarla in modo corretto

Regulations: quick and proper application & correct interpretation

A. Borini

15.35

Discussione

Q & A

16.00
17.15

Session

Andrology: varicocele

Chairmen: V. Gentile – R. Rago

16.00

Varicocele: can semen characteristics be improved without surgery? **F. Lombardo**

16.20

Varicocele: surgery improves fertility

G. Franco

16.40

Do spermatozoa "change" after surgery?

G. Fabozzi

17.00

Q & A

17.15

Coffee Break

17.30

Chairman: S. Ledda

Keynote Lecture:

Mechanisms of ovarian aging and emerging preventative options

E. Seli

18.00

Q & A

18.05
19.20

Session

Myths and Truths in ART

Chairmen: R. Palermo – V. Remorgida

18.05

Arcuate uterus: metroplasty to obtain higher live birth rates

G. Raimondo

18.25

AMH: is it really useful in the daily practice?

M. Grynberg

18.45

Time-lapse: an update

A. Mifsud

19.05

Q & A

19.20

Closing

09.00	Chairman: M. Cattoli Keynote Lecture: <i>The presence in the flesh: fra il fare e l'essere del medico in PMA</i>	E. Vegni
09.30	Q & A	
09.35	Chairman: L. De Santis Keynote Lecture: <i>Modulation of the endocannabinoid system by membrane lipids: molecular events during sperm capacitation</i>	E. Dainese
10.05	Q & A	
10.10	Chairman: G. Gennarelli Keynote Lecture: <i>Conservative surgical management of gynaecological malignancies</i>	G. Scambia
10.40	Q & A	
10.45	Coffee Break	

11.15
13.30

Session

Fertility preservation

Organized by PRO-FERT Italian Society for Fertility Preservation

Chairmen: L. Del Pup – F. Peccatori

11.15	<i>Can supplementation improve oocyte quality?</i>	L. Del Pup
11.35	<i>Mechanisms of chemotherapy-induced ovarian toxicity</i>	I. Ben-Aharon
11.55	<i>The potential of oogonial stem cells</i>	R.A. Anderson
12.15	<i>How to improve ovarian transplant success?</i>	F. Salvagno
12.35	<i>Oocyte cryopreservation: how many oocytes do we need to increase the probability of having a baby? Is maternal age related to success?</i>	A. Pellicer Martinez
12.55	Q & A	
13.30	Closing
